CANADA'S WINE CAPITAL

# WELCOME TO OLIVER

## BRITISH COLUMBIA'S HIDDEN GEM

Oliver is known as Canada's Wine Capital, but this little town is also rich with culture, community, and cuisine. From celebrated restaurants and awe-inspiring landscapes, Oliver is a town full of adventure you can create.

### OIB-Chief Louie

Way' – Welcome to the Okanagan, Syilx, First Nation territory. The members of the Osoyoos Indian Band, whose federal Indian reserve spans over 32,000 acres, occupy land on the east side of the valley from Osoyoos due north of Oliver. We have lived here for thousands of years. We live, work, and play in one of the best regions in the country. Enjoy your stay and come back again.

### Town-Mayor Johansen

On behalf of the Council, and residents, I welcome you to come and experience all that Oliver has to offer. Agriculture is our primary industry with over 400 farms producing world-class fruits, vegetables, and wine. There is something for everyone in Oliver, whether your interests include the great outdoors, food and beverage, or arts and culture. Let this guide be your resource and inspiration for a fantastic getaway in Canada's Wine Capital – you won't be disappointed. Come and stay for the experience!

### Rick Knodel, RDOS (Area "C" Regional Director)

Welcome to what I consider the gem of the Okanagan. Area "C" is the rural area surrounding, and including, the town of Oliver. It also borders the Osoyoos Indian Band. We celebrate a deep rich history that has developed this area into a unique agricultural region. Our residents and visitors also enjoy the facilities we've built to keep them active and engaged including public parks, recreation and sports facilities, wilderness trails, and farm tours. Visit our fruit stands, restaurants, tasting rooms, and cultural amenities. Take in a theatre performance or concert and stop in at our museum. Take home good memories and some of our fine products to share with your friends and family.

Oliver, BC is located in central Southern BC. We are 1.5 hours south of Kelowna, and around a 5 hour drive east of Vancouver. We are only 20 minutes from the USA border.

## GOLF

Play a round at two championship golf courses nestled in the heart of Canada's Wine Capital where smooth greens and rolling fairways are surrounded by natural roughs and a scenic backdrop of pine trees, cacti, sagebrush, vineyards, and desert hills.

### Fairview Mountain Golf Course

Open to the public, this 18-hole course has few rivals — fairways plunge down valleys and smooth greens give you an experience rarely found outside of the most expensive private clubs. Fairview Mountain has been a standout in the South Okanagan since 1925, which is why SCOREGolf noted the

club as one of the best public courses in Canada, and one of the best values.

### Nk'Mip Canyon Desert Golf Course

Nk'Mip is a full-length championship course that has grown into a world-class golf facility. Owned and operated by the Osoyoos Indian Band, Nk'Mip Canyon Desert Golf Course expanded from a relaxed nine-hole course to a championship model in 2001. Rotary Beach has a sandy area, plenty of grass, a playground for the kids, picnic tables, and a public washroom and change room.

### Gallagher Lake

Spring-fed Gallagher Lake, situated at the base of a giant rock bluff, is a tranquil crystal-clear swimmer's paradise! It's also a fisherman's haven. It is a private lake so the only way to enjoy it is by staying at Gallagher Lake RV Resort or The Lodge at Gallagher Lake.

## CULTURE AND HISTORY

EXPERIENCE THE PEOPLE, BEAUTY, AND FLAVOURS THAT MAKE OLIVER A TOP DESTINATION FOR FARM-TO-TABLE DELICIOUSNESS AND ENTERTAINMENT.

### The People – The Syilx of the Okanagan Nation

"Welcome. Our culture is not just from a thousand years ago. We've built on our traditional principles of hard work and living off the land, and we've evolved and adapted into the business culture that you see today. Businesses thrive here because of our location, the richness of our land, and because we want to do business with the world. This is how we strengthen our future by protecting our past."

Since the late 1700s, this area has experienced immigration from China, South East Asia, Europe, and numerous places throughout North America. The rich cultural diversity of Oliver is witnessed in the arts, the cuisine, and robust agricultural presence. The vibrant heritage of those who were here first and all of those who have made Oliver home provides a welcome experience for visitors and residents alike.

### The Arts

While the sun-drenched hills and rolling vineyards are art themselves, our vibrant community is filled with the sights, sounds, and influences of local artists. Sing and dance along with local and touring musicians, theatre productions, and dance troupes at various venues and events. Venables Theatre sits at the heart of the South Okanagan and hosts a myriad of performances.

Aside from the performing arts, our talented local artists produce jaw-dropping pieces from fabric and plastic art to more traditional fine arts, including award-winning weaves.

Looking to join in on the fun? Sign up for local art workshops on tapestry, painting, and felting, or join a cooking class where you can replicate your favourite local dishes.

### The Ditch – Shaping Oliver's Landscape

While the Syilx Okanagan People were highly successful in utilizing the natural resources of this land, the South Okanagan is Canada's only desert. A massive irrigation project began in 1918 to supply new farms and orchards. The Ditch, an engineering feat that would be difficult even today, consisted of a 25-mile-long gravity-fed

pipe and canal system constructed from cement, wooden siphons, and flumes. Many side industries including logging, sawmills, and engineering camps formed, which left an indelible mark on the landscape and formed a new community!

### Agriculture

With over 400 farms and hundreds of acres of cultivated land, the Oliver region proudly grows a variety of fresh produce that you can take home to your kitchen and family dinner table. Visit our many fruit markets for your pick of the ripest and tastiest harvest around. We grow a variety of fruits including cherries, peaches, nectarines, apricots, and apples, as well as a variety of ground crops including sweet and hot peppers, eggplant, tomatoes, zucchini, gourds, squashes, and more.
